It's not often that a celebrity hospitalization triggers a reaction these days. We hear so many different things on a daily basis that we become immune to the news. This news was

different. We are actually heartbroken and worried.

While filming 'Fashion Police,' Kelly told Melissa Rivers (filling in for Giuliana Rancic) that she did not feel well. She then fell to the floor and began shaking. She came to after the 30-second seizure but was still rushed to a Los Angeles hospital.

One of Osbourne's spokeswomen assured everyone that Kelly was awake and alert. She will be staying in the hospital overnight for observation. No other details were revealed.

We're just glad the violet-haired personality is awake and well. Happy thoughts Kelly! We're sending you well wishes.
