Anyone who ever said they hated the **Olsen Twins** is lying. There is a small part inside all of us that can't help but love them. We watched them grow from adorable tiny twins on

Full House to fashion icons. They practically run the world. Ok. That may not be true but they should definitely be presidents of the world of fashion. With their brands **Elizabeth and James** and **THE ROW**, their resume is padded with style. Take a closer look and you will realize something is missing – a fragrance. Don't fret. It's their next project. Better late than never.

This isn't their first foray into fragrance. MK and Ashley dabbled with it in their teen years when they launched a line of body sprays at Walmart. It wasn't exactly designer but it worked. We're excited for them to venture into prestige territory. The fragrance is supposed to debut soon under the **Elizabeth and James** label. They couldn't have picked a better partner.

What do you think it will smell like? An overpriced fur bag? Black moto boots? A walk in a San Francisco park? Whatever the base notes may be, we expect style and sophistication, just like MK and Ashley.

I believe when you're pretty on the inside, you're pretty on the outside but you can't beat that perfect shade of lipstick and eyelashes as big as your dreams.
